

SGIC Home Insurance Premium, Excess, Discounts & Benefits Guide

SA

This SGIC Home Insurance Premium, Excess, Discounts & Benefits Guide should be read with the SGIC Home Insurance Product Disclosure Statement and Policy Booklet (PDS) Edition 3 dated 9 January 2012.

It applies to policies issued in South Australia with a commencement date on or after 21st May 2012 or with a renewal effective date on or after 21st June 2012.

We provide two levels of cover in the PDS:

- ▶ Home – provides our standard level of cover
- ▶ Home Plus – provides a higher level of cover

This guide applies to Home and Home Plus policies and provides further information about the cost of your insurance and excesses you may need to pay if you make a claim.

How we work out your premium

Your insurance premium is based on the likelihood of a claim being made on your policy in the future. There are a number of factors we take into account when determining your premium.

We calculate your premium by combining the:

- ▶ pricing factors
- ▶ discounts
- ▶ policy options
- ▶ cost of choosing to pay by the month, and
- ▶ government charges.

Pricing Factors

Our experience shows us that there are a number of factors that are good indicators in determining risk, when calculating what your premium should be, for the cover we provide under the policy.

The following table contains the pricing factors we take into account to calculate your premium.

Pricing Factors	Buildings	Contents
The level of cover you have chosen – for example Home or Home Plus	✓	✓
The address of your home	✓	✓
The amount your buildings or contents are insured for (your sum insured)	✓	✓
The age of the insureds	✓	✓
How your home is occupied – for example, owner or renter	✓	✓
The way you use your home – for example, residential or business use	✓	✓
The construction materials of your building and roof	✓	✗
The year your home was built (see step 3 of 'How we calculate your premium')	✓	✗
The type of alarm fitted to your home	✗	✓
The basic excess amount you choose	✓	✓

Cost of choosing to pay by the month

If you choose to pay your premium by monthly instalments you pay more than if you pay annually.

The extra premium you pay will be shown on your current Certificate of Insurance.

Government charges

Home Insurance policies are subject to stamp duty imposed by the state government in addition to GST.

Government Charges	Home Insurance
GST	10%
Stamp Duty	11%

How we calculate your premium

Step 1

First, we combine the pricing factors and the cost of any options you have chosen (except Burn out of electric motors – fusion).

Step 2

Once this amount is calculated, we work out any Linked Policy Discount, Multi-Policy Discount or Years of Insurance Discount that you may be eligible for and deduct them from the amount from Step 1.

Step 3

If your home is new, we work out any premium reduction that you may be eligible for and deduct this from the buildings premium amount from Step 2.

Step 4

We then work out any No Claim Bonus you may be eligible for and deduct this from the amount from Step 3.

Step 5

If you have both Buildings and Contents Insurance under the one policy, we add your buildings premium and contents premium together.

Step 6

Then, we add the cost of Burn out of electric motors – fusion if you have chosen this option (not applicable for Home Plus) and the cost of choosing to pay by the month.

Step 7

To the amount in Step 6, we add the GST.

Step 8

To the amount in Step 7, we add the Stamp Duty to work out the premium you need to pay.

Excess

An excess is an amount you pay when you lodge a claim. You may have to pay more than one type of excess depending on your circumstances.

There are four types of excess:

- ▶ basic
- ▶ earthquake
- ▶ accidental damage
- ▶ special

The amount and types of excess payable are shown on your current Certificate of Insurance.

You do not have to pay an excess if you make:

- ▶ a liability claim,
- ▶ a claim for food spoilage (see Section 5 of your SGIC Home Insurance PDS), or
- ▶ a claim for an incident that we agree someone else is responsible for and:
 - you can provide the name and address of that person and,
 - the amount of the claim is more than the basic excess.

Basic excess

If you make a claim for a listed event you must pay any basic excess that applies.

You can choose one of the following amounts as your basic excess: \$100, \$200, \$300, \$500, \$ 750, \$1000, \$2000, \$3000, \$4000, \$5000.

Or if you're 50 years or older you can choose a nil excess in place of \$100 excess.

If you choose a higher basic excess on your policy, you can decrease your premium.

Earthquake excess

If under Buildings Insurance you make a claim for loss or damage as a result of the listed event of earthquake, you must pay the earthquake excess of \$500, or the basic excess, whichever is higher.

Accidental Damage excess

If you have Accidental Damage cover and make an accidental damage claim, you must pay a \$300 accidental damage excess instead of your basic excess.

Special excess

We may apply a special excess for one of the listed events. A special excess is payable in addition to your basic excess. Any special excess applicable to your policy will be shown on your current Certificate of Insurance.

Discounts

We offer the following discounts that you may be entitled to:

- ▶ Linked Policy Discount
- ▶ Multi-Policy Discount
- ▶ Years of Insurance Discount
- ▶ No Claim Bonus

The discounts you have will be shown on your current Certificate of Insurance.

The way in which the discounts are applied to your premium is set out under the heading 'How we calculate your premium' on page 2 of this guide.
